

# ERAVIS

## CORPORATE METAVERSES

**ERAVIS is a platform designed to create corporate metaverse**

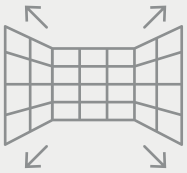

**Allows to easily implement collaborative workspace, training dynamics, product showrooms or events and meetings**

**An immersive 3D space where you can connect with clients and collaborators to present your projects or products in a differential way**

**Easily create new spaces, schedule meetings in the metaverse and videotape sessions**

**Integrate your content in STL, OBJ,FBX and GLB formats**

**LARGE FORMAT ROOMS**

**COLLABORATIVE MULTI-USER**

## **SHOWROOM VIRTUAL**

- » Showcase your products better and increase sales thanks to virtual technology.

## **TRAINING AND COACHING**

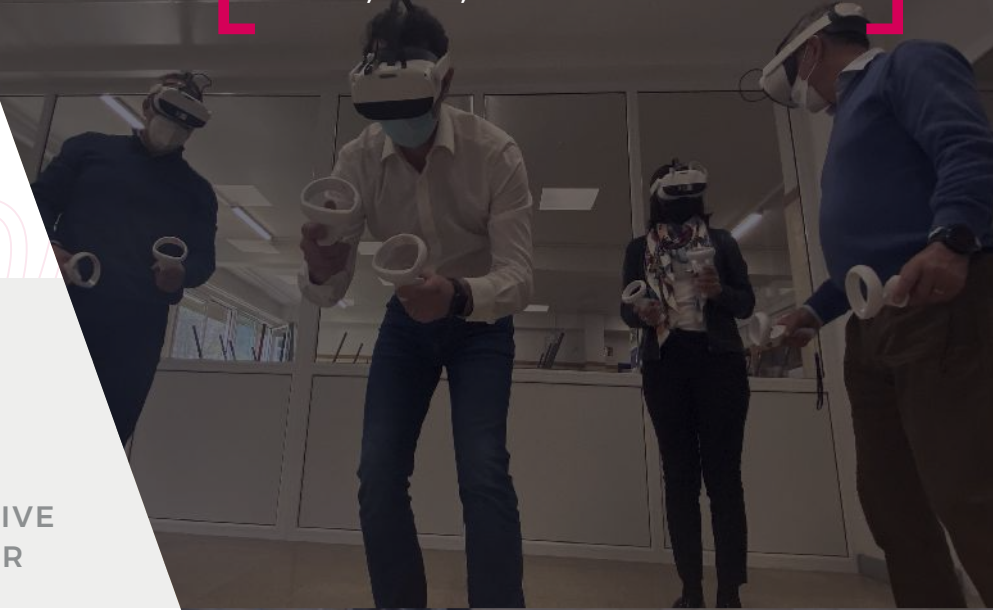

- » Train your team through immersive experiences, face-to-face or remotely.

## **DESIGN VALIDATION**

- » Improve creative processes and reduce error rates by collaborating in a 3D environment.

## **VIRTUAL MEETINGS**

- » Connect with your colleagues and customers in a more fun way and increase productivity.
